

DanzArte 
beauty in motion

Catalogue 2021

A brand devoted to the beauty of ballet and movements in their purest forms, seeking to create unique and quality products for art enthusiasts

The idea to create a line of both beautiful and useful products to delight people day by day came from József Cserta and Andrea Paolini Merlo, who have been in the professional dance world for over 20 years.

Józsi is a Principal Dancer and Andrea is a dancer and choreographer in the Budapest Opera House.

Andrea, thanks to his lifelong commitment to theatre photography, has also reached several international recognitions.

Their experience and artistic views are strongly reflected in the DanzArte product range.

Aware of the importance of freedom and diversity in life, they are open to work with various gifted artists, like Panka Pásztóhy, Nóra Juhász and Péter Hübel, to bring different styles and visions to the DanzArte range to you.

There's more to come...till then:

Enjoy life, enjoy art – and our products!
